

THE OPPORTUNITY PROJECT

Connecting Youth to the World of Opportunity

Strategic Plan

Professional Learning

- Create, amplify, and leverage relevant professional development opportunities grounded in the city's OST standards for positive youth development and high-quality programming.

Continuous Quality Improvement

- Provide regular assessments around program quality using nationally recognized tools for assessing the safety, efficacy and impact of programming on youth development.

Data

- Collect and report robust, high-fidelity data around impact of OST programs and proactively share back with the community.

Partnerships

- Expand the network of OST programming in Tulsa by connecting youth-serving organizations to provide equitable, high-quality experiences for youth.
- Empower and recruit advocates of the OST landscape in Tulsa to sustain a meaningful ecosystem of experiences for youth.

Advocacy and Sustainability

- Increase access to and build sustainability for OST programming in Tulsa.
- Build a network of OST champions in Tulsa including philanthropic foundations, corporations, local and state governments to support opportunities for youth.
